

DRAWING

CANSON'S most popular drawing papers in a range of weights, textures and colors. The diverse selection of surfaces and weights will provide artists with plenty of options for a wide array of techniques. Sold with barcode labels on the back of each individual sheet, this provides fast and accurate product identification for register check out and inventory control purposes. The barcode labels are acid free and easily removable. They are printed with indelible ink and have a non permanent, acid free adhesive which leaves no residue.
